

# Good News for Americans, Bad News for Pain Drugs

Millions are expected to benefit from a new technology that could relieve years of severe joint discomfort; reprograms the body to block slow burning inflammation instead of creating it

By Casey Law, Health News Correspondent

**NATION-** Several of the major drug companies behind popular pain relievers may take a financial hit as manufacturing of a new pill is now complete.

Using a new technology, the pill could be safer and more effective than many store bought brands.

The pill, *VeraFlex*, was developed in May of this year by a private company in Seattle.

Functioning primarily as an immune modulator, the pill targets the body's immune system which can decrease pain in the body.

## The Science Behind Relief

Research shows that the joint stiffness, soreness and discomfort associated with arthritis is caused by inflammation which attacks healthy cartilage and protective tissue.

And according to leading medical scientists, this inflammation is caused by two inflammatory enzymes released by the body's immune system.

Remarkably, the active ingredients in *VeraFlex* help to block the production of both these enzymes, resulting in a dramatic decreasing in swelling, inflammation, and discomfort.

Right now, the leading over-the-counter pills are only able to block one of these enzymes!

It's why so many sufferers fail to ever find relief.

## Years of Discomfort Relieved in 5 Days

"*VeraFlex* users can generally expect more flexibility in three days...their joint pain alleviated in five days...and in just seven days, a tremendous improvement in overall joint function that may help them move like they did years prior" explains Dr. Liza Leal, developer and spokesperson for *VeraFlex*.

"It's an incredibly powerful little pill. And with the addition of a patented absorption enhancer, it packs an even greater punch. That's why I'm so excited to be the first to share these results. It's giving sufferers their life back."

## A Safer, More Effective Avenue to Amazing Relief

Its widely accepted through the medical community that inflammatory enzymes are the primary cause of pain and suffering in millions of Americans. It's why most prescriptions and even nonprescription pills are designed to block them.

However, what most people don't know is that even the most advanced ones can't block both!

And yet, that's exactly what *VeraFlex* is designed to do and why it works so well.

"Top pharma companies have struggled to create a drug that blocks COX and LOX; the medical names for the two inflammatory enzymes in the body. Consider the top seller Celebrex, it only blocks one variation of the COX enzyme" explains Leal.

"And that's because they have focused on using chemicals instead of natural substances like *VeraFlex*."

"Every *VeraFlex* capsule contains an ultra-high dose of a patented plant extract which has been clinically shown to block both enzymes, bringing relief to every joint that hurts!

"The kind of relief most people have never experienced. I often say two enzymes, twice the relief. People think I'm kidding until they try it."

## Piling on the Clinical Research

Remarkably, the key ingredient in *VeraFlex* is protected by 8 patents that spread from the US into Canada. And as would one guess, it's backed by an enormous amount of research, including two patient clinical trials.

In the first, 60 participants with rheumatoid arthritis and/or osteoarthritis were randomly placed into four groups.

Two groups were given the patented ingredient in *VeraFlex*, one was given the drug Celecoxib, and the last group a placebo. The results were monitored at 30, 60, and 90 days.

The data collected by researchers was stunning.

The groups taking the *VeraFlex* ingredient saw staggering improvements in arthritis symptoms such as flexibility, discomfort and function.

And even more astonishing they experienced a dramatic reduction in pain by the 30-day mark that was even better than Celecoxib, a powerful drug!

A second study was conducted to ensure the data was accurate and again the results participants experienced taking the *VeraFlex* compound blew away researchers.

This time it beat out the drug Naproxen. Shockingly, both men and women experienced a reduction in joint stiffness two days faster than when using Naproxen.

"I have to admit I was surprised when I read the initial findings" explains Leal. "But when you look at the science it just makes sense. It's going to change everything."

## Faster Delivery, Maximum Absorption

*VeraFlex* is mainly comprised of two patented ingredients: Univestin, a powerful immune modulator which blocks the enzymes which cause your joints to hurt and BiAloe, an absorption enhancer (accelerator) that ensures maximum potency.

Research shows that severe joint discomfort arises when the immune system goes haywire and releases COX and LOX into your blood stream, two enzymes that causes tremendous swelling and inflammation around cartilage and protective tissue.

Over time, this inflammation overwhelms the joint and it begins to deteriorate resulting in a daily battle with chronic pain.

Unfortunately, modern day pain pills are only able block only one of these enzymes, resulting in marginal relief and continued suffering.

The Univestin in *VeraFlex* is one of the only known substances which has been proven successful in blocking both enzymes, resulting in phenomenal relief from the worst kinds of discomfort.

The addition of BiAloe, a unique aloe vera extra, maximizes the delivery of the plant based Univestin extract to every joint in the body because it is proven to improve nutrient absorption for maximum results.

Aloe Vera also is proven to support the body's immune system which manages inflammation, further supporting relief.

## How to Claim a Free 3-Month Supply Of VeraFlex

This is the official nationwide release of *VeraFlex*. And so, the company is offering our readers up to 3 FREE bottles with their order.

This special give-away is available for the next 48-hours only. All you have to do is call toll free **1-800-235-5446** and provide the operator with the Free Bottle Approval Code: VF350. The company will do the rest.

Important: Due to *VeraFlex's* recent media exposure, and Dr. Leal's latest book deal, phone lines are often busy. If you call and do not immediately get through, please be patient and call back. Those who miss the 48-hour deadline may lose out on this free bottle offer.
